## *From the Desk of Principal Oscar Padua*

Dear Class of 2012,

As principal of Bulkeley High School Lower School it is my pleasure to convey my heartfelt congratulations to the graduating class of 2012. Our goal at Bulkeley Lower School is to work toward maximizing the potential of every individual, as well as improving the many educational opportunities afforded to our students. Each graduating class is representative of great successes and accomplishments.

Some of you will be moving on to colleges and universities where you will have the opportunity to embrace new educational challenges and to pursue your dreams and ambitions. To those of you who have chosen to enter the workforce, you too, will have the opportunity to learn through experience and to compete among the challenges that await you. And for those of you who have chosen to serve your country there will be endless opportunities and many callings to answer.

Whether you have chosen an educational path, an employment opportunity or a military commitment, this is a new beginning, an opportunity and the time to embrace all that the future holds for each and every one of you. I wish you the very best and continued success in all of your future endeavors as you embark on your new journey.

Forever Bulkeley,

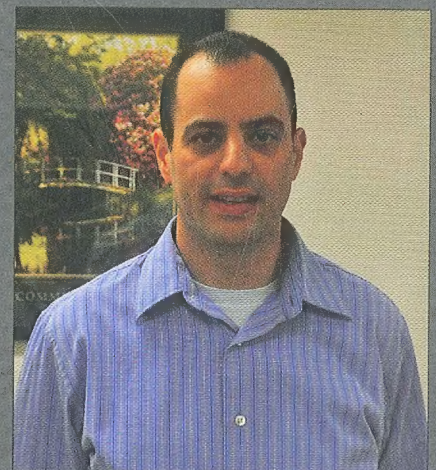

Oscar Padua, Principal

# GRADE 11 & 12 ADMINISTRATION

## *From the Desk of Principal Gayle Allen-Greene*

Dear Class of 2012,

Every year when I am asked to write a statement for the yearbook, I am reminded of how fortunate and privileged I am to lead a school, which is deeply rooted in history and tradition and which also has its feet firmly planted in the 21st century, so that it can effectively meet the needs of young people who live in a global society and who must be prepared to face the challenges and to seize the many opportunities this exciting time offers.

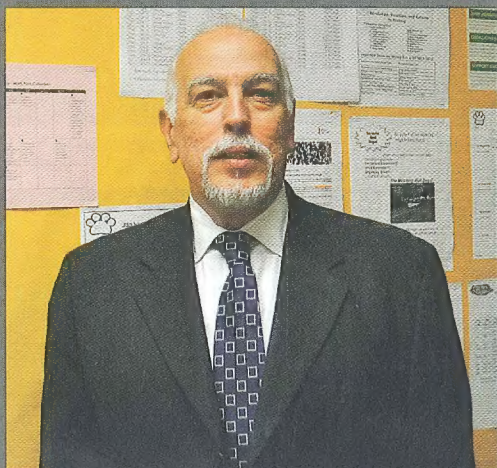

During your four years at Bulkeley High School, and indeed throughout your lives, you were and will continue to be tested. You experienced and will experience success as well as failure. You have and will make good decisions and also make mistakes. If you commit yourselves to learn from them, if you use them as tools to grow intellectually, emotionally and socially, then your failures and mistakes can be as valuable and life affirming as are your successes and good decisions.

The 2012 Yearbook theme is, "Our Story". I am deeply moved by this simple but powerful phrase, and I cannot imagine a more fitting theme as you graduate from high school. Keep in mind that your individual and collective stories are works in progress, to which you will add throughout the rest of your lives.

As you take your leave of Bulkeley High School, a significant chapter of your story will conclude. However, know and be confident that no matter what path you choose, you are part of what makes Bulkeley such a special school, and the experiences you had and the relationships you forged will always be a part of you and significantly shape who you are and who you will become. The poet John Donne tells us that, "No man is an island unto himself." No truer words were spoken because none of us can accomplish much in isolation. At Bulkeley High School, in your classrooms, in your extra-curricular activities, in the sports arena, team work and collaboration were consistently emphasized. Yet, as you continue your life's journey, also understand that your future rests in your hands. "You must have control of the authorship of your own destiny. The pen that writes your life story must be held in your own hands." (Irene C. Kassorta) Dear graduates, take center stage as your life story unfolds. If you do so, you will surely succeed and soar.

Godspeed,

Gayle Allen-Greene, Principal

# STUDENT LIFE

*at Bulkeley High School*

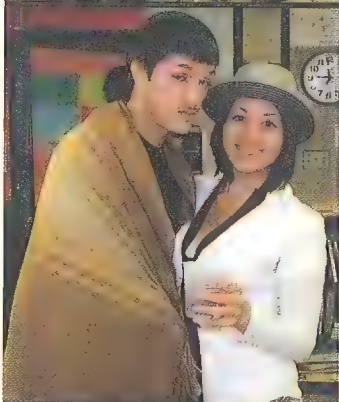

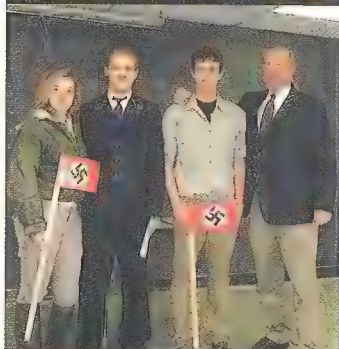

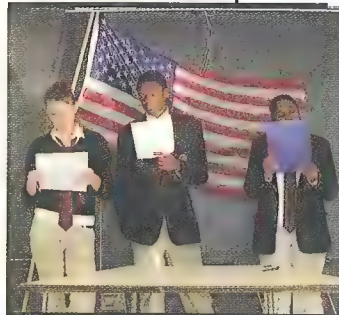

# Second Period

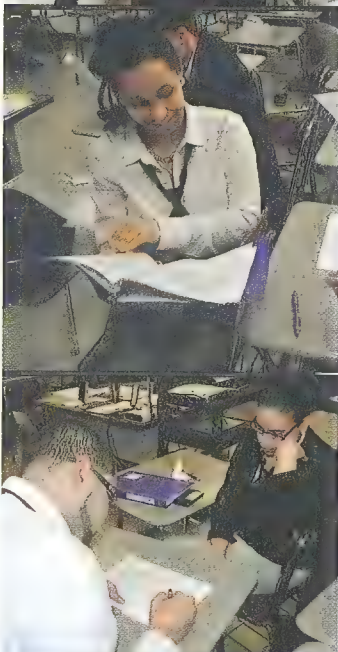

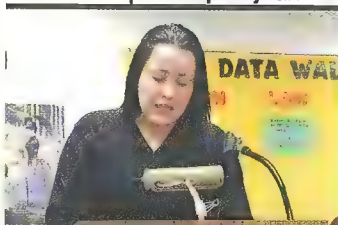

## International Relations

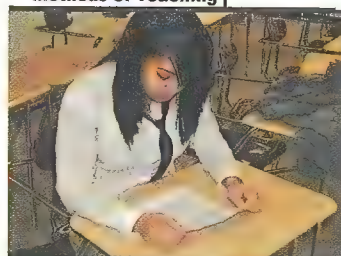

Students acted out their own plays based on American, German, and Mexican nationalism as part of a larger unit of study on nationalism and its importance to international relations.

## Contemporary Law

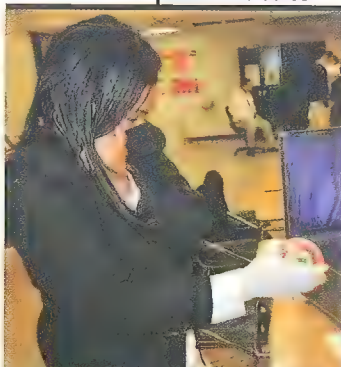

While learning about the law, and their basic rights and duties as citizens, students served as prosecutors, defense attorneys, and witnesses in a mock trial, delivering opening and closing statements as well as conducting direct- and cross-examinations. To prepare, students worked with several experienced attorneys from the community, developing trial strategies and working through complex affidavits and pieces of evidence.

## Methods of Teaching

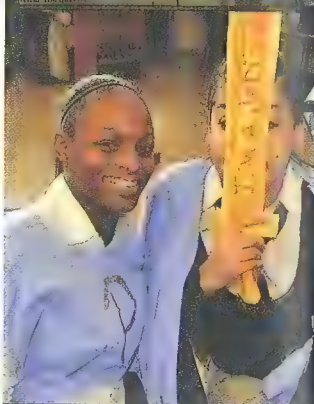

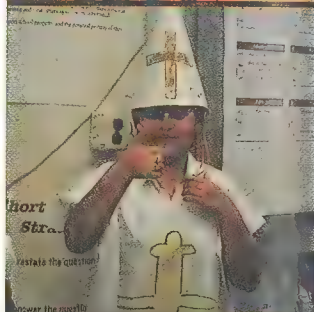

## Hartford Studies

Nothing grabs the focus and attention of students quite as well as walking into a classroom and wheeling in a pile of old suitcases. As part of a unit regarding immigration into Hartford, students took part in an inquiry lesson created by the Connecticut Historic Society. Students explored suitcases/trunks/bags filled with artifacts, such as letters, photos, clothing, and personal effects to determine the country of origin, push/pull factors of immigration into the Hartford area, as well as difficulties to be overcome.

## Western Humanities

After exploring the history, literature, art, and culture of the Middle Ages, students brought this period of history to life by studying the game of chess and its relationship to social classes in Medieval Europe. Once done, students had the opportunity to put their creative energies and analytical thinking skills to the test by designing costumes and participating in a competitive human chess match.

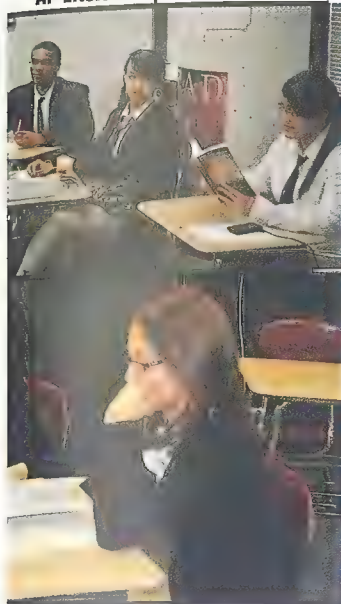

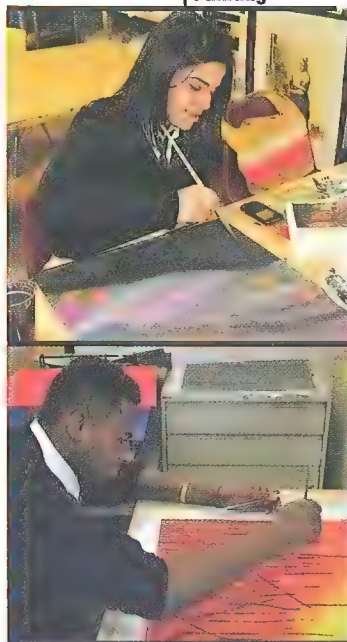

# Third Period

## AP Literature |

## | Painting

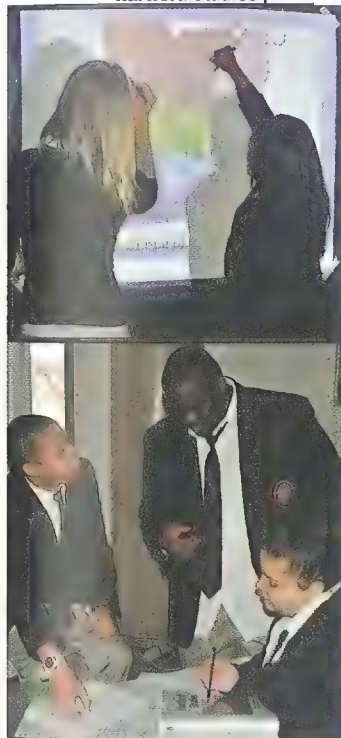

## Pre-Calculus |

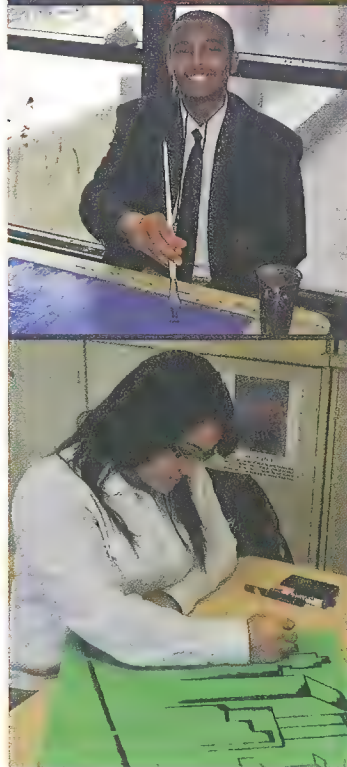

## | Capstone

## Hartford Studies |

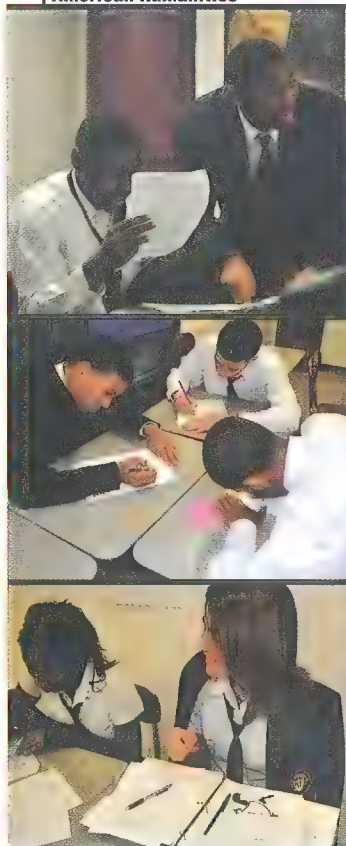

As an introduction to their coursework in Hartford Studies, students in the Humanities program got to experience the art and science of cartography, creating their own maps of Hartford and its neighborhoods.

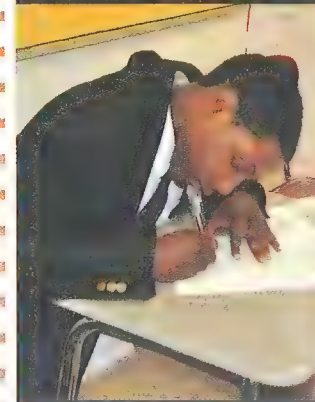

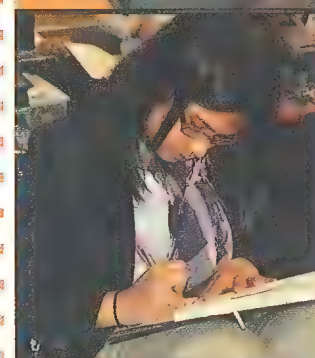

Bulkeley students are known for their exceptional artistic talent. Student artwork is not only prominently featured throughout the building, and even on the walls through a course in mural art, but also in many competitions. Kevin Hernandez, Vanessa Grisales, Herry Pena, Michael Hugh-Kong, Jason Parlagua, and many others have all had their artwork featured in various local art galleries.

## | American Humanities

Through an interdisciplinary unit on slavery, segregation, and Civil Rights, students explored the history of the black experience in America, from the sore legacy of slavery and Jim Crow segregation through the monumental achievements of the Civil Rights Act of 1965, while also reading Mark Twain's *Adventures of Huckleberry Finn*. As a culminating activity, students participated in a heated debate on whether Malcolm X or Martin Luther King, Jr. had the best approach for achieving civil rights.

Is hip-hop dead? Is graffiti art? What should be done to close the achievement gap in public schooling? Do video games promote violence? These are just some of the many research questions seniors in Teacher Prep and Humanities proposed, researched, wrote about, and presented in their Capstone. As part of this intensive experience, students in Teacher Prep participated in internships at local elementary schools, while Humanities students interviewed journalists, lawyers, professors, and other experts in their field of study.

The Bulldog Express has four sections - news, sports, opinion and poetry - and all the content is created entirely by the students. By putting it together, students learn how to ask important questions about their school and community, and to express their opinions through writing. They also had a chance to interview sources, write and edit articles, take photographs, and conduct polls of the student body.

This year the club set a record of 74 students coming to see *Harry Potter and the Deathly Hallows, Part 2*, the week after the film was released on DVD. Students read the *New York Times* review of the film each week, and for students who write their own reviews there are prizes, including a black club shirt for those who write 20 or more reviews.

## Senior Class Officers

The Student Council consists of student representatives from each of the school's eleventh and twelfth grade homerooms. Student Council members are involved in significant and meaningful decision making that affects the school. Through student involvement in the decision making process, student leaders become more committed to the school and are able to positively influence their peers.

The Yearbook staff is responsible for the design, layout, production, sales, and distribution of the school's yearbook. We sincerely hope that all will cherish their book for years to come, using it as a means to help remember the fond memories and lasting friendships they created while at Bulkeley.

## Captain's Statement

This season was great. Despite all the negative criticism, we got through the season and we fought to get through every game. I'm proud to be a Bulldog and proud of my team. Special thanks to our coaches for having faith in us. Good luck to the team in the upcoming years.

This season wasn't the best, but it was enjoyable. For this to be my first year playing, I learned a lot, got close to many people, and had a great experience. If I could, I'd do it all again.

This was by far the most fun I had every day. Although all the running came with a lot of pain, it was all worth it in the end. The feeling after finishing each race cannot be described. In the end, we always had fun. In the words of Coach Mangiafico, "grow some hair and run!"

-Enmanuel Payan

This was one of my best "X-C" seasons out of my three years. Even though in some races we couldn't score because we didn't have enough runners, we still got through it. We started together and finished together. As a captain, I did whatever I could to try to place first for my team. I'm going to miss this experience. Thank you Bulldogs and coaches. 2011 City Champions...whoooo!
